4000 West Florence Street, Broken Arrow, Oklahoma

November 21, 2025 - 6:30 pm

An evening of Fall and Thanksgiving themed music!

Make your plans to attend this program played by our local chapter members. It'll get you in the mood for the season. Bring your friends and family!

Below is an up-date on our recent organ repair. Folks, this is where our money goes! Thanks for your gifts which help to make this possible.

"Console opened for work on the manual keys"

"Three table area for work on reed pipes"

Red River Pipe Organ Company (RRPC) September 29 – October 1 Work On Chapter Organ

A two person RRPC crew spent three days working on the chapter organ as part of a multi-step restoration program to return the organ to a "performance level" that will be attractive to well-known theatre organists to play for our chapter programs.

The work included much needed adjustments and cleaning of the console manual key contacts as well as a thorough and proper cleaning of the tuba pipe related: blocks, shallots, reeds, tuning wires, followed by proper camber setting of the reeds. This was followed by the correct setting and tightening of the reed wedges, tuning, and voicing of these pipes.

Additionally, tuned through the violin and celeste with touch-up tuning throughout the organ and corrected some left vox lower octave voicing issues. ……..Rudy Geissler
